

AGEL AGELESS – ACTIVE INGREDIENTS

From the powerful antioxidants in grape seed extract to the wrinkle-fighting polyphenols in pomegranate, each ingredient has been carefully selected to soothe and heal your skin.

Ageless lives up to its name. That's why Ageless products use only the finest natural ingredients available. From the powerful antioxidants in grape seed to the wrinkle-fighting polyphenols in pomegranate, each ingredient has been carefully selected to soothe and heal your skin.

Acai Berry Extract

This antioxidant-packed berry enhances your skin's natural process of collagen synthesis, providing amazing free-radical protection. This super-fruit extract will help soften the appearance of fine lines and wrinkles, improve elasticity, eliminate toxins, and renew your skin's natural glow.

Pomegranate Extract

New research has shown that pomegranate may be one of the most naturally potent wrinkle fighters available. That's because it contains extremely high levels of polyphenols, and these powerful antioxidants are proven to stabilize the free radicals that cause the signs of premature aging.

Grape Seed Extract

Extract The natural antioxidants in grape seed extract are said to be 50 times more powerful than vitamin E — and even more effective than beta-carotene. Even better, these nutrients remain in your bloodstream for three full days, releasing high levels of proanthocyanidins to strengthen blood vessels and help improve circulation.

Bisabolol and Ginger Root Extract

Bisabolol, an active ingredient of the chamomile plant, is known for its soothing benefits to skin. When combined with ginger root extract, it balances and rejuvenates the skin to provide a much healthier, less irritated, and more youthful appearance.

Tocopheryl Acetate (Vitamin E)

This powerful antioxidant helps protect your skin from the harmful effects of free radicals, sun exposure, and other environmental toxins. With powerful emollient properties, it infuses your skin with a supple and smooth glow.

Retinyl Palmitate (Vitamin A)

Independent studies have shown that this nutrient increases collagen, skin thickness, and elasticity. It penetrates deep into your skin to fight wrinkles and exfoliate from within, leaving your skin soft, supple, and youthfully plump.

Ascorbic Acid (Vitamin C)

Studies have shown that this powerful nutrient minimizes fine lines and wrinkles. And it's the only antioxidant that's proven to stimulate the synthesis of collagen. Since natural collagen production decreases as you age, this vitamin is essential to maintaining a youthful appearance.

Hyaluronic Acid

This natural healer helps rebuild your skin and restore moisture. Often touted for its ability to reverse or stop the signs of aging, it has been shown to lift sagging skin, prevent creasing, and reduce the depth of existing wrinkles.

Beta Glucan

This excellent nutrient reduces your skin's external moisture loss, protects it from harmful radiation, and helps improve cellular rejuvenation.

Panthenol (Provitamin B5)

This essential vitamin provides deep moisturization and builds skin from within.

Hydrolyzed Vegetable Protein

This natural ingredient conditions dry skin to improve its internal moisture balance.

Allantoin

This excellent skin conditioner and protectant is also known to promote tissue growth.
